VETEVLVE SAVED OVER 20% ON THEIR UTILITY BILLS WITH PYXIS BROKERAGE

PYXISENERGY.COM

VetEvolve Saves, Plans for Future with Pyxis Brokerage

In the summer of 2017, Pyxis Energy began an energy brokerage relationship with VetEvolve, a provider of veterinary services in the Mid-Atlantic region. With multiple locations, a loyal customer base, and a growing business, co-owners Nick Lodestro and Paul Habenicht are focused on offering exceptional pet care, efficient management practices, and first-class client experiences.

First Step, Save Money

Pyxis Energy possesses over 35 years of energy experience and a thorough understanding of the competitive energy markets. With Pyxis as their broker, VetEvolve will **save over 20%** on their utility bills over the next year. By leveraging our supplier network, VetEvolve benefited from competition between nationally recognized companies to win their business. The savings earned by working with Pyxis Energy have a direct, positive impact on their bottom line, allowing Nick and Paul to reinvest in their practices, help them achieve their business goals, and maintain the highest level of service for their customers.

Not Just an Energy Broker

It doesn't stop there! Pyxis Energy monitors the energy markets to identify additional purchasing, reliability, and efficiency opportunities to our clients. With Pyxis as their energy broker, VetEvolve makes informed decisions about their current energy purchasing and can accurately budget their future energy spending as they grow their business.

Protecting What Matters Most to VetEvolve

Pyxis is also working with VetEvolve to determine their energy reliability needs at their veterinary practices, particularly those that offer boarding and emergency care within their facilities. With our Alternative Market Power (AMP) reliability service, we can help businesses such as VetEvolve avoid a large up-front capital investment while still protecting their practices and our beloved pets.

About VetEvolve

VetEvolve is managed by founders, Nick Lodestro and Paul Habenicht. VetEvolve gives veterinary practice owners the opportunity to focus exclusively on service delivery to the patient while VetEvolve's team focuses on clinic-level business management. Visit vetevolve.com for more info.

Solving Problems for VetEvolve

While reviewing VetEvolve's accounts, Pyxis Energy came across an issue with a natural gas meter at one of their practices in Maryland. By leveraging contacts at the local company Pyxis Energy was able to help solve the issue and ensure services were in order. Just another example of how Pyxis Energy offers more!

Who is Pyxis Energy?

Founded in 2014, Pyxis Energy is an industry innovator in purchasing solutions for homeowners and business owners. Our company is built on the foundation that all customers, regardless of size, deserve the best energy products and services in the market. Pyxis Energy manages a network of energy suppliers that compete for your business.

Informed energy decisions and effective energy management strategies have a direct, positive impact on your business. Take control of your energy usage with Pyxis Energy. Pyxis Energy has strong relationships with reliable, nationally recognized energy suppliers such as:

Energy purchasing can often be overlooked in day-to-day operations of many businesses. At Pyxis Energy, we make it our business to find the best solutions for your business.

More Than Just a Price

Pyxis Energy isn't just finding the best energy prices. We offer total service that helps you reduce energy spend and consumption.

Independence

Pyxis Energy offers impartiality. Our service is unbiased and independent of all suppliers.

Knowledge and Experience

Pyxis Energy possesses over 30 years of energy experience and a deep, intricate understanding of the competitive energy markets.

Strong Supplier Relationships

Pyxis cultivates relationships with key suppliers to ensure competitive prices, without compromising the quality of service.

Competition

Pyxis Energy forces competition. Competition decreases suppliers' profit margins...and your energy costs.

Innovative Purchasing Options

Pyxis Energy brings flexible purchasing options to customers, offering more freedom and control to your business.

**Offer only available in Maryland, Pennsylvania, New Jersey, New York, and Texas.*

**A long-term relationship with Pyxis Energy is required to qualify for the Pyxis AMP product line. Relationship terms will vary for homeowner and business customers.*
